

INFORMED CONSENT FOR IN-PERSON SERVICES DURING COVID-19 PUBLIC HEALTH CRISIS

Please read the information below carefully and let us know if you have any questions. You will need to agree and sign this document before obtaining services. We may change these safety guidelines as local, state or federal orders or guidelines change.

Decision to Meet In Person

As permitted by public health agencies, Rosewater has resumed in-person health care services. If there is a resurgence of the Covid-19 related restrictions or if other health emergencies arise, we may postpone and reschedule in-person services.

Health Risks of In-Person Services

You understand that by coming to our office, you are assuming the risk of exposure to the coronavirus or to other public health risks. These risks increase if you travel by public transportation, cab, or ridesharing service.

Your Responsibility to Limit Your Exposure to Health Risks

To obtain our health care services, you agree to take certain precautions which will help keep everyone safer from exposure to viruses and serious illness. If you do not follow the following safety standards, we may not provide you with services. Please initial each standard below to show that you understand and agree to follow the requirement:

1. You will only keep your in-person appointment if you have had no symptoms of illness from the coronavirus in the past 72 hours and if you have not had close contact with someone with respiratory illness in the last two weeks. _____
2. You will take your temperature before coming to each appointment. If your temperature is 100 Fahrenheit or more, or if you have other symptoms of the coronavirus, you agree to cancel the appointment. If you cancel for this reason, we won't charge you our normal cancellation fee. _____
3. You will come directly from your home to our office. _____
4. You will wash your hands when you enter the building. _____
5. You will wear a mask in all areas of the office (we will too). If you do not have a mask we can provide one. _____
6. If you touch your face or mouth, you will wash or sanitize your hands immediately. _____
7. Between appointments you will minimize your exposure to COVID. _____
8. If you have a job that exposes you to other people who are infected, you will immediately let us know. _____
9. If someone at your home tests positive for the virus, you will immediately let us know. _____

Our Commitment to Limit Spreading the Virus

I, Broehe Karpenko, am getting tested every other week (or more) for Covid. If I or someone else in this office suite were to test positive I will notify you if I've seen you in the last 2 weeks, and I will close my practice until its determined by a medical professional that it is safe for me to work.

My practice and our office has taken steps to reduce the risk of spreading the coronavirus within our office. Please let us know if you have questions about these efforts.

If You Are Sick

You understand that we are committed to keeping you and all of our families safe from the spread of the coronavirus. If you arrive for an appointment and we believe you have a fever or other virus symptoms, or we believe you have been exposed to the coronavirus, we will ask you to leave the office immediately. We will reschedule services as appropriate.

Your Confidentiality in the Case of Infection

If you have tested positive for the coronavirus, we may be required by law to notify local health departments that you have been to our office. If we must make a report, we will only provide the minimum information necessary for these requirements.

Informed Consent

This agreement is made in addition to any other general informed consent or business agreement that we made relating to our services. Your signature below shows that you agree to these terms and conditions.
